About Me

I have experience with HTML, CSS, Nestjs, and .NET. I enjoy learning new technologies and building web applications. I am dedicated, hardworking, and always looking for opportunities to improve my skills.

Projects

OUTFIT GO

Using NestJS (BE) and Next.js (FE)

- Developed a full-stack e-commerce platform using NestJS (backend) and Next.js (frontend) with role-based access for Admin, Customer, Delivery Manager, and Vendor. Used PostgreSQL to manage users, products, orders, and deliveries.
- Source Code (BE)
- Source Code (FE)
- Source Design (UI/UX)

MIND MAZE

Using C#, .NET

- MindMaze is a fun and educational quiz game featuring user/admin login, account creation, quiz levels (beginner to expert), real-time answer feedback, and score evaluation for an engaging learning experience.
- Source Code

MOON QUEST

Computer Graphics (OpenGL)

- A conceptual project aimed at establishing a sustainable human presence on the lunar surface, fostering scientific advancement and global collaboration.
- Source Code
- Watch on YouTube

Certifications

- Cisco Networking Academy-IT Essentials from Cisco Networking Academy.
- For More
